

ESS 2022 - Supervisor Statement of Support

The deadline for nominations is February 11th.

Thank you for nominating your colleague to participate in Philanthropy New York's 2022 Essential Skills and Strategies (ESS) course. We are delighted to offer this program as one of the many ways we support philanthropic professionals in their careers.

ESS will be offered virtually in 2022 as 14 short sessions between March and April.

About ESS

Visit our website to learn more about the program and the intended outcomes of participation: <https://philanthropynewyork.org/essential-skills-and-strategies-program-officers>.

The curriculum is designed for and open to program officers and directors who have the following responsibilities:

- Programmatic due diligence of potential grants (i.e., proposal review, site visits)
- Communicate funding recommendations and decisions to foundation stakeholders (i.e., CEO and/or Board, grantees)
- Assessment of grant performance and evaluation of grantmaking portfolio

ESS is ideal for program officers/directors who have been through a grantmaking cycle at their foundation since the curriculum relies heavily on knowing your own institution's grantmaking practices. We suggest members take PNY's Philanthropy 101 course before taking ESS.

Given the high demand for this program, ESS is only open to Philanthropy New York members. Space is limited to 25 individuals. We limit participation per organization in order to accommodate as many member organizations as we can. In addition, priority is given to individuals who have been in their roles for more time.

If you have any questions, please contact Kristen Ruff (kruff@philanthropynewyork.org).

Regards,

Philanthropy New York
